Ben begged Jen to take him back, and the couple now plans to focus on their children

Ben & Jen Back together & hoping for TWINS!

They want to grow their brood with adoptions, *JUST LIKE BRAD & ANGIE*

BEN Affleck and Jennifer Garner are doubling down on their shattered marriage — and have a pair of babies on the way to seal the deal!

Ben and Jen, both 43, are putting their $150 million divorce on hold for the sake of their three children, sources have exclusively told The National ENQUIRER — and they are not done yet!

The battling stars are set to adopt infant twins to go along with biological children Violet, 9; Seraphina, 6; and Sam, 3 — and will make the big announcement at Christmas!

"Ben and Jen have been talking for weeks about their marriage, and they agreed that as many problems as they've had — and there have been plenty — they need to focus on their children," a source told The ENQUIRER.

Jen and Ben, at left with their kids, aim to give orphans a chance at a better life, like Brad and Angie, right

Like superstars Brad Pitt and Angelina Jolie, who have a large blended family, Ben and Jen "want to be one big, hopefully happy family under one roof, and give some orphans a chance at a better life as well," added the source.

The duo's explosive split came June 30 when Jen discovered Ben had been getting intimate with family nanny Christine Ouzounian, 28. While Ben vehemently denied any nanny naughtiness, an insider told The ENQUIRER "it was the straw that broke the camel's back" for Jen.

"Ben just never settled into the role of the traditional husband Jen's wanted," the insider said. "He would vow to quit drinking and smoking, but then would backslide. He would promise to quit gambling, then he would head out to a poker tournament."

But Ben "has pleaded for months for Jennifer to take him back," and has continued to live at the couple's Pacific Palisades, Calif., home, according to another insider.

The couple will reveal this blockbuster news over the holidays, said the source.

"It'll be the best Christmas ever for their three kids," said the source. "Not only are they getting their mommy and daddy back together, but they'll have new siblings, too!" **NE**

Julia's pregnancy PANIC!

Roberts WANTS A BABY at 48 to save her crumbling marriage

JULIA Roberts is trying for a "miracle baby" in a desperate attempt to keep husband Danny Moder from walking out!

The mother of three, 48, has been undergoing IVF treatments at a clinic in Malibu, Calif., insiders revealed.

"Julia's desperate for another kid, and panicking she may be too late," confided a friend.

It's a stunning turnaround for the "Pretty Woman" star and cameraman Danny, 46, who seemed headed for a $225 million divorce after 13 years of marriage.

"They fight a lot," revealed a pal. "Julia's very difficult to live with, and Danny can't take her mood swings."

As The National ENQUIRER reported in April, Julia demanded they attend couples therapy.

"They tried marriage counseling, and it seems pretty obvious that if they weren't married and didn't have kids, they would have split a long time ago," said a source.

In September, the pair

reportedly saw lawyers, "but the realization of splitting up their family made them give it another go," said a friend.

Now the couple — parents of twins Hazel and Finn, 11, and 8-year-old Henry — is hoping a fourth "miracle baby" will cover the cracks in their marriage.

"Julia's had problems conceiving, and needed help from fertility experts before," noted the spy.

"About three or four years ago she and Danny were trying for another baby, but they stopped sleeping together."

BESIDES THAT, the Oscar-winning beauty's life has been marred by turmoil.

Julia was heartbroken when her mom, Betty Lou, lost her battle with lung cancer in February at age 80. She was also caught up in a bitter feud with half-sister Nancy Motes, 37, who died of a drug overdose in February 2014.

As The ENQUIRER has reported, Danny's troubled sister, Jyl, helped drive a wedge between the couple with her bizarre, boozy antics.

"Julia has been to hell and back. It's been so rocky with Danny you have to wonder if another baby is just going to delay the inevitable," added a source. "But Julia's praying for happy news. She feels she deserves it after all she's been through the past few years."

'GRANDFATHERED?'

I JUST WANNA BE A DAD, ADMITS STAMOS!

HUNKY John Stamos plays a grandpa on his new TV show — but he'll settle for just having kids of his own!

At 52, the "Grandfathered" star has admitted he's running out of time and knows if he wants to have children and see them grow up ... it's now or never.

"John also doesn't want to have a baby with a woman he's not married to — so his options are limited," a source told The National ENQUIRER.

"He knows that in order to realize his dream before it's too late, he needs to get busy and find Mrs. Right."

The search has been surprisingly difficult, given the former Dannon yogurt spokesman's enduring heartthrob status.

John had a string of failed relationships after his seven-year marriage to model and "X-Men" actress Rebecca Romijn ended in 2005. The couple never got around to having kids, but Rebecca popped out twin daughters with second husband, actor Jerry O'Connell, in 2008 — after just a year of wedded bliss.

Talk about a "Full House"!

But John, who worked with the Olsen twins on the hit sitcom, has also been seeing double. He started talking seriously about having kids after falling in love with the darling 2-year-old twins who play little Edie on "Grandfathered," the informant said.

"Emelia and Layla Golfieri are precious. And John is spoiling them rotten," explained the source. "He brings little gifts to the set, and he and Josh Peck — who plays his son and Edie's dad — recently took the girls to Disneyland.

"Josh is helping John stay on the right track. He's got him on a healthy diet, and he's working out with him.

"He also says he's got his eyes open for a nice woman to introduce John to. He's acting like a real son!"

John should give him a real brother or sister ASAP! **NE**

Charlie Sheen: AIDS COVER-UP EX

Kept secret for 4 years Slept with thousands

CHARLIE Sheen has concealed a shocking secret from the world — he is HIV positive.

The 50-year-old actor who once claimed to have slept with over 5,000 women is a sex maniac who has bedded porn stars, groupies, call girls, strippers — and even men!

Simultaneously, Charlie has orchestrated a sleazy multi-million dollar cover-up to ensure his health crisis was never exposed publicly!

But an exhaustive 18-month National ENQUIRER investigation has uncovered how the three-times-divorced father-of-five has known about his life-threatening diagnosis for the past four years.

Charlie — once the highest paid star on television — made the heartbreaking confession to multiple individuals who then disclosed the admission to The ENQUIRER. Those sources passed lie detector tests administered by an independent polygrapher.

What's more, The ENQUIRER has obtained an explosive text message (right) from his ex-wife Brooke Mueller in which she claimed the father of her twin sons had "potentially" given her HIV.

Brooke Mueller

Sheen's former fiancée, Scottine Ross, also spoke about the medical drama in a secret video provided to The ENQUIRER.

Said one close pal: "Charlie thought he was indestructible and took no precautions — even though he was indulging in high-risk sex practices!"

The ENQUIRER dispatched a team of reporters across the country to pursue the story that will rock Tinseltown. We unearthed 10 sources and built a dossier of proof, including:

■ At least four women who have claimed he exposed them to HIV;

■ One female sex partner was given a hush-hush financial settlement, including a home in Los Angeles, to remain silent;

■ The status of Charlie's condition is at the center of a number of active lawsuits against him;

SECRET PAY-OFFS TO SILENCE THE TRUTH

CHARLIE Sheen — whose worth an estimated $125 million — splashed out a small fortune to silence anyone who might expose his HIV secret!

The ENQUIRER can exclusively reveal how agents acting on behalf of the former "Anger Management" star paid a Hollywood gossip blog $100,000 to scrub stories about his AIDS-related condition.

On April 21, 2014, the widely read urban blog "Hollywood Street King" published a story headlined: "PORN STAR CLAIMS CHARLIE SHEEN HIV POSITIVE."

Within 20 minutes, the site's editor, Jacky Jasper, received a call from someone claiming to work for its web-hosting company, Bluehost.

"Hey, Jacky ... you got a big problem, my friend," said the voice on a recording of the call, which was obtained by The ENQUIRER.

"I'm looking out for you. I'm calling from Bluehost. Listen they were just here. They want to take the whole site down. If I were you I would take down the f---ing thing on Charlie ... but you didn't hear this from me."

The caller was actually a Hollywood fixer, who a source said later arranged for a lawyer to pay "Hollywood Street King" a total of $100,000 to remove nine stories naming Charlie. We obtained the proof in the form of wire transactions to Jasper from the fixer.

"The lawyer never specifically said Charlie was his client, although there was never any question about who he was working for," divulged the snitch.

HILLARY VOWS TINSELTOWN!

PRESIDENTIAL wannabe Hillary Clinton is declaring "a secret war" against the many Hollywood stars lining up against her in the wake of her email scandal and other dirty laundry that's ruining her campaign!

"Hillary absolutely believes she will make it to the White House, and behind the scenes, she's bitter and revengeful," a political insider told The National ENQUIRER. "She plans to get back at each and every single star who has publicly spoken out against her candidacy.

"One thing about the Clintons, they're like elephants — they never forget. Hillary will make sure any of these stars are never invited to a White House event or receive any kind of favor or endorsement in the future!"

At the top of her list is archrival Barbra Streisand, who Hillary believes carried on an affair with her horndog husband, Bill, when he was president!

"If she wins, Hillary doesn't want Barbra anywhere near the White House. She'll bar her from the place!" said the insider.

Others on Hillary's "Hollywood Hate List" include George Clooney, former TV sitcom queen Roseanne Barr, actress Susan Sarandon, action star Chuck Norris and "Batman" actor Michael Keaton.

While George has said he'll support her, the source said Hillary "is still seething" over remarks he made nearly a decade ago when he was quoted as saying she's "the most polarizing figure in American politics."

Outspoken Roseanne, meanwhile, has boldly stated: "I would NOT like to see her win. She's the same old s***. I would rather see the first intelligent, honest American president."

"Hillary thinks Roseanne has a big mouth and thinks she's trailer trash," said the source.

"If she gets in, don't expect her to be inviting Roseanne in for a ladies' tea."

Academy Award winner Susan made it clear she has no interest in seeing Hillary become the first female commander-in-chief.

"I don't vote with my vagina," she snipped soon after Hillary kicked off her campaign. "She (Hillary) lost me when she voted for the (Iraq) war without looking."

The source also said Hillary is in a rage over Democrat-

LIMBAUGH IN NO RUSH TO DIVORCE SICK WIFE!

CONSERVATIVE kingpin Rush Limbaugh secretly planned to dump wife No. 4 — but now he's stuck with her as she battles a devastating mystery illness!

The bombastic broadcaster, 64, has rarely been seen with wife Kathryn Rogers, 38, whose health has deteriorated since their lavish 2010 wedding, insiders said.

"Kathryn is sick," a source close to the pair told The National ENQUIRER. "She's suffered from extreme fatigue — where she might sleep for almost an entire day — inability to hold food down, lack of appetite and excruciating pain in her abdomen.

"She has good days and bad days. She could be fine for several weeks, then she'll struggle."

Kathryn's condition has wreaked havoc on her once-supermodel looks, said another source.

"The last time I saw her, she was barely recognizable," the second source told The ENQUIRER. "She was emaciated and she'd lost her beautiful, flawless complexion.

"She was wrinkled and gray, and

"She said she was having health problems and was supposed to see a doctor at the Mayo Clinic in Jacksonville, Florida."

Adding even more pressure, Kathryn confessed her illness has crushed her dream of having kids.

"She confided that she had to have her ovaries removed," added the second insider.

In response to the claims in this story, Rush told The National ENQUIRER, "Thank you for raising important health issues that affect millions of Americans each year ... Kathryn is extraordinarily strong, with a profound work ethic and deep caring for others."

He would not specifically address her illness, but said "some of" The ENQUIRER's details were "not accurate."

But the blonde beauty's condition had been diagnosed when she began dating Rush, who's worth an estimated $350 million — and he's stuck with her to avoid negative publicity, said the source!

"He doesn't want her to claim he abandoned her," the source said.

Rush, meanwhile, told The ENQUIRER he and Kathryn recently released a new book in their "Adventures of Rush Revere" bestselling children's book series.

"It focuses on a young man's struggle with his grandfather's serious illness," Rush said. *NE*

QUIET TOWN POLEAXED BY PISTOL-PACKING STRIPPER!

A GUN-toting stripper wreaked havoc in a peaceful Colorado neighborhood with a bizarre string of home invasions that included the brief, but terrifying, kidnapping of a small child.

Tori Jo Carlson, 22, will likely be trading in her stripper pole for prison bars after the mayhem she wrought upon the stunned citizens of Thornton.

The busty blonde is facing a raft of charges, including burglary, kidnapping and felony menacing after holding three people hostage at gunpoint in three separate incidents over the span of less than an hour!

"She pointed a gun at my chest, cussing and screaming that she was going to kill me," said Thornton resident Melanie Clements.

Carlson's short reign of terror is all the more perplexing given her lack of prior arrests — or any apparent motive for her crime wave.

Records show her last known address as Denver, about 10 miles from Thornton, and it's not clear why she chose that suburban town.

"I have no comment," relative Christopher Allan Carlson told The National ENQUIRER when asked for an explanation of his family member's bizarre behavior.

Carlson's crime spree on Oct. 12 began when she banged on the door of Dave Allis' home and cried, "I need help!" When he opened the door, Carlson pulled a gun on Dave, who said, "I backed into the house, closed the door and locked it."

He then called 911. Minutes later, another neighbor, Gerad Bergrud, saw Carlson sashay into his home through the unlocked back door.

"She said, 'I don't want to hurt you,'" recalled Gerad, who added she was holding a gun in her hand. That's when he fled into another room and locked the door!

After that, Carlson snuck into a home two doors down through an open garage and held Melanie — and the 4-year-old she was babysitting — at gunpoint for 20 minutes. "She kept cussing and yelling, 'You know what I want, you know what I want,'" said Melanie.

While Melanie didn't have a clue what the senseless stripper was seeking, she was somehow able to convince her to put down her weapon.

When Carlson received a phone call, she tried to leave the home with the boy, but Melanie wrestled him from the stripper's arms, and pulled the frantic child to safety. "When she got far enough around the corner, I grabbed him and ran back to my house and locked the door," Melanie said.

Carlson was still in the neighborhood when police arrived and arrested her. Her bond is set at $50,000. *NE*

JEN'S FAIRY-TALE HONEYMOON ON PARADISE ISLE

ANISTON C/ COCAINE PO

WORLD EXCLUSIVE

JENNIFER Aniston has been named in a shocking drug investigation following the mysterious death of a pal who joined her exotic honeymoon party!

In a bombshell world exclusive, The National ENQUIRER has obtained a secret "Investigative Report" issued by the San Diego County Medical Examiner's Office regarding the passing of Carmel Musgrove.

The document, dated Oct. 6, listed the Hollywood sweetheart and former "Friends" star in connection with the death of Carmel, a 28-year-old who had traveled to the French Polynesian paradise of Bora Bora with other celebrity pals for Jen's fairy-tale getaway after her surprise wedding to Justin Theroux.

The newlyweds in Bora Bora following their secret nuptials

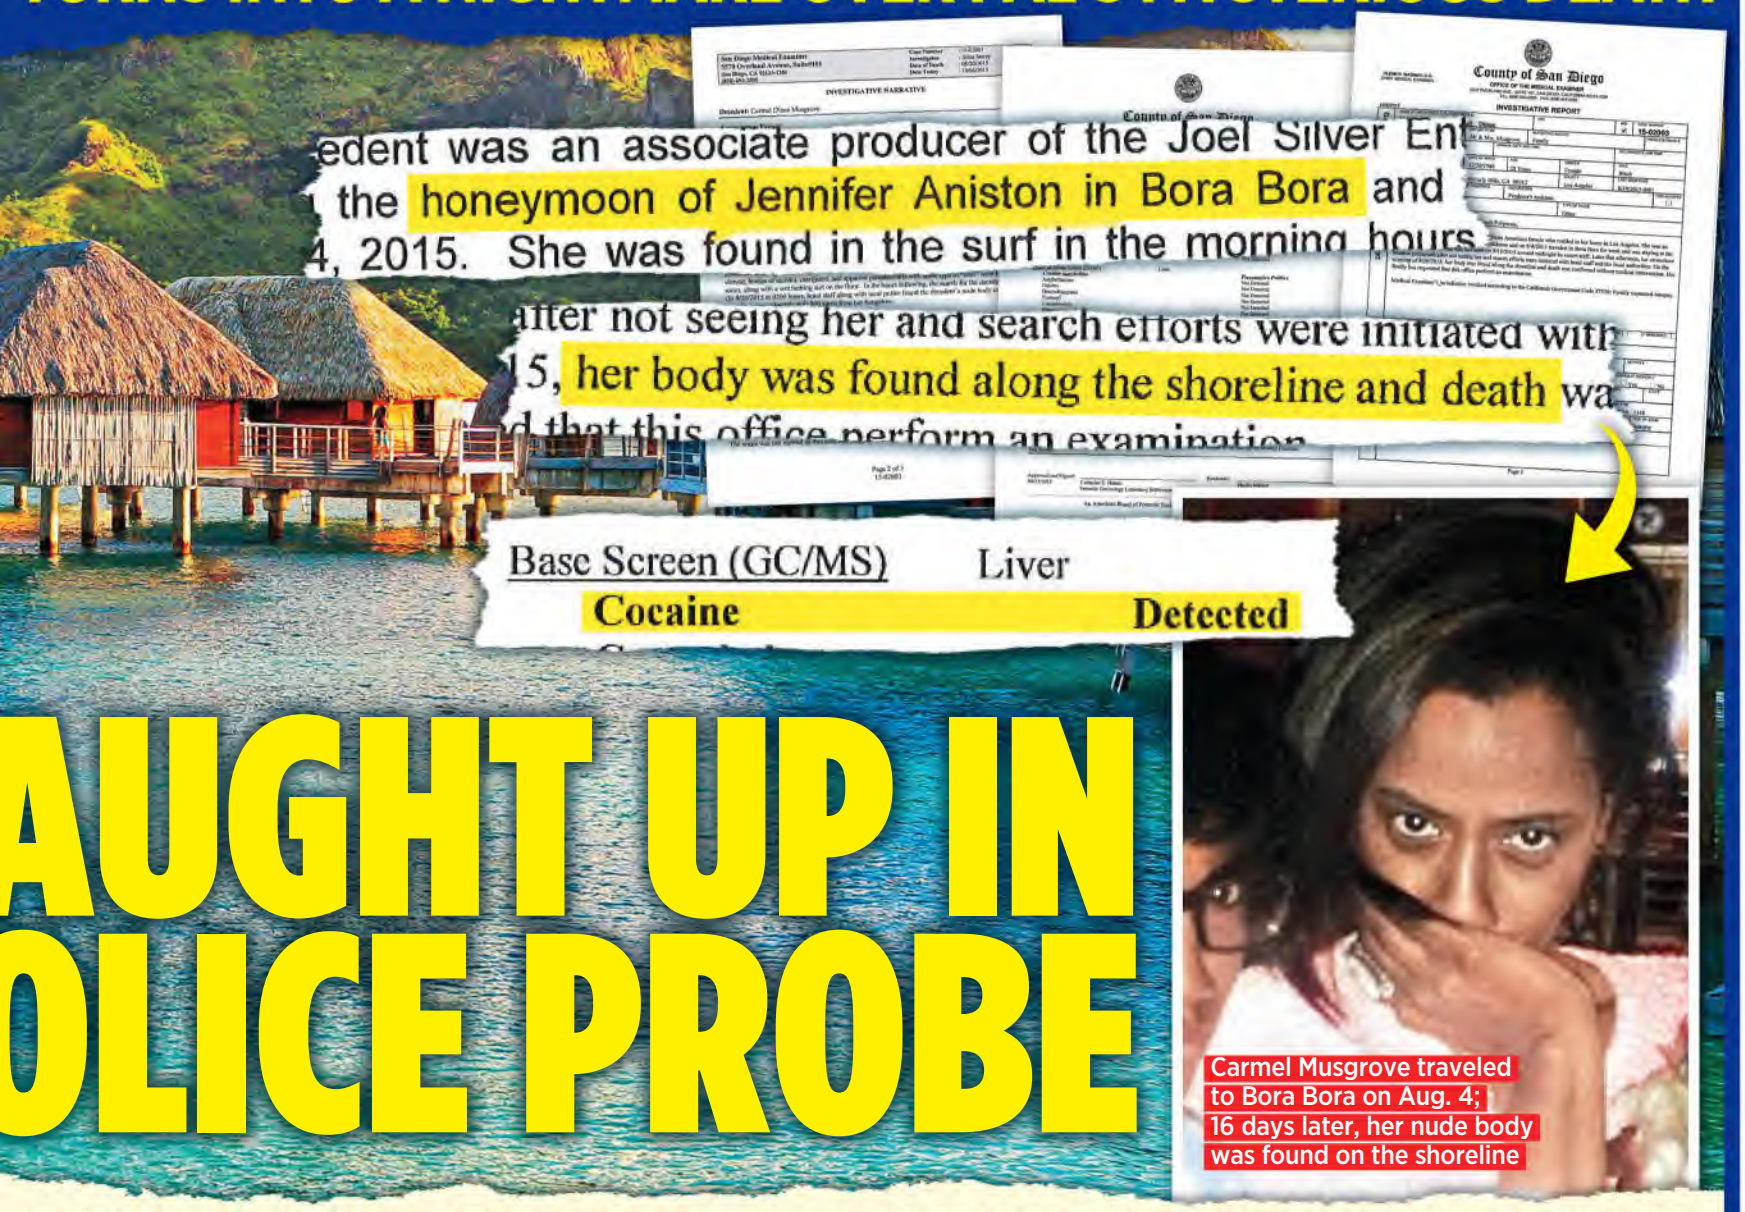

According to authorities, Carmel — an assistant to Hollywood heavyweight Joel Silver, producer of the "Lethal Weapon" and "Matrix" films — died from a combination of drowning and the effects of drugs and alcohol in her system.

"Now Jen's beautiful memories of her honeymoon are turning into a horror," a source told The ENQUIRER.

"She's caught in a drug ring — the authorities are trying to determine where the drugs her friend consumed before her death came from."

Paul Huebl, a former Chicago cop and top Hollywood private eye, examined the report for The ENQUIRER and concluded: "Jennifer Aniston and her celebrity pals are now part of this investigation into whether Carmel was murdered. If someone gave her an overdose of booze and coke that caused her death, that person

The drugs could have been transported to the island aboard a private plane used by the celeb party, he said.

"Did someone bribe the customs officer to bring the drugs into the country?" Paul said. "Or did customs officers just wave them through without a search, posing for photos or getting autographs instead?"

Jen's high-powered publicist, Stephen Huvane, tried to brush off her involvement, telling The ENQUIRER: "Her honeymoon was well over, and she was already back in Los Angeles when this horrible tragedy occurred."

But Paul pointed out: "Aniston and her friends are in the middle of a very serious narcotics probe."

JEN, 46, and Justin, 44, tied the knot in a ceremony at her Bel-Air estate on Aug. 5. The next day, the newlyweds and a host of A-list celebrity pals — including Jimmy Kimmel and his wife Molly McNearney, Jason Bateman, Jen's former "Friends" co-star Courteney Cox, and Chelsea Handler — flew to Bora Bora aboard a private plane.

Private eye Paul Huebl says Jen is part of the investigation

The guests stayed at the posh, $1,000-a-night Four Seasons Resort Bora Bora.

Carmel — who started as an intern for Joel and worked her way up to associate producer on the 2014 thriller "Non-Stop" — was last seen at about midnight on Aug. 19 in her room when a hotel attendant delivered matches she'd requested.

Earlier that evening, she'd spent time in the nearby bungalow of a male guest, who told authorities they'd smoked marijuana and Carmel had used the shower.

It wasn't until 2 a.m. the following day, Aug. 20, that Carmel's nude body was found on the shoreline about 400 yards from her bungalow.

French authorities performed an autopsy and found she had marijuana, cocaine and alcohol in her system.

Carmel also had abrasions on both shoulders, a "recent" bruise on her left shoulder and an abrasion on her right breast. The autopsy report

Tina & Amy's mission TO SAVE JUICED-UP JIMMY!

INSIDERS on "Saturday Night Live" are asking former "SNL" stars Tina Fey and Amy Poehler to help save troubled "Tonight Show" host Jimmy Fallon, following his downward spiral of booze and drugs.

"We're all worried Jimmy may lose everything he's worked so hard to achieve," a source told The National ENQUIRER.

"Tina and Amy are the perfect people to intervene. They know the pressure of running their own shows."

As The ENQUIRER has reported, Jimmy's partying got him booted out of the New York home he shares with wife Nancy Juvonen and their two daughters in early November — forcing him to move into a hotel.

According to another TV mole, staffers are pushing Lorne Michaels — an executive producer of both "SNL" and "The Tonight Show" — to arrange the meeting of the show's iconic "Weekend Update" anchors.

Calls have also gone out to Jimmy's high school pal and writing partner, Gerard Bradford, a source said.

Jimmy's partying may stem from his insecurity over competing with Stephen Colbert's "Late Show," according to another insider.

"Stephen's success is stressing Jimmy out," said the source.

"He's crushing it as an interviewer, which is Jimmy's weak spot."

Recently divorced Gwen with her three sons by Gavin, right

BLAKE Shelton may have landed Gavin Rossdale's ex-wife, Gwen Stefani, but the country crooner's been warned not to go near the rocker's three sons!

"You could say the gloss is already off the new romance," a source told The National ENQUIRER. "It's getting ugly!"

The Bush frontman, 50, doesn't want Gwen's fellow coach on "The Voice" getting close to Kingston, 9, Zuma, 7, and Apollo, 20 months.

Gwen slapped Gavin with a divorce suit in August, citing "irreconcilable differ-

GAVIN IN HUSH MONEY SCANDAL OVER AFFAIR

ROCK star Gavin Rossdale could be singin' the blues to the tune of $1 million in hush money to keep his ex-nanny from spilling the beans about their sex trysts!

Pals of Gavin, who divorced No Doubt singer Gwen Stefani, are telling him the steep price is possible "to prevent the secrets from his reported extramarital affair from going public," The National ENQUIRER has learned.

"Gavin is going to be made out to be the world's worst husband if the nanny reveals all the sordid details," the source divulged.

Gavin carried on a steamy

ences" as she ended their 13-year marriage. She soon found solace — and fun — in Blake's arms. The duo has been spotted at A-list bashes in Nashville and Hollywood, looking gaga for each other.

"But behind the scenes, there's fireworks," said the source. "Gavin is not taking her high-profile new romance sitting down. He has a healthy male ego and can't believe he has to watch his giggling ex gush over Blake, of all people.

"Gavin doesn't trust his zero-responsibility, beer-guzzling lifestyle. So he has decided he doesn't want him near his boys. And he even went so far as to text Gwen a message for Blake: 'Stay away from my kids!'"

The dire warning has created tension in what was a light romp for Gwen and Blake, who is recovering from his nasty split with Miranda Lambert.

"Gwen and Blake are just having fun for now, and she doesn't want to have to handle the kid issue yet," added the spy. "But Gavin's pushing the point, which infuriates her."

Gwen has also considered that the earlier she and Gavin set the terms of a new boyfriend's kid privileges, the less leeway she'll have in the future.

"She thinks Blake would be a great father figure," the insider noted. "She is a fierce mother and is determined to start having Blake around her family when she thinks they're ready. She wants Gavin to back off."

three-year affair with the family's Aussie babysitter, Mindy Mann, according to published reports.

Gwen couldn't forgive the infidelity, which led them to Splitsville.

Gwen found proof of the affair on an iPad, which Gavin reportedly used to send "explicit texts" to Mindy. The tablet also allegedly contained naked photos of the young nanny as well as plans to meet up with him for sex!

Mindy, left, wearing the exact same outfit as Gwen, right

In another shocking twist, Gavin tried to hide the hanky-panky from Gwen by having sex on his tour bus.

"Gavin's plan was he would take the kids on tour with him and then when they were asleep, he'd sleep with the nanny on the tour bus. How low can you go?" said the insider.

The sordid saga gets even ickier when Mindy began dressing like Gwen.

"Mindy morphed into a mini-me version of Gwen, creepily dressing like the star and even having the same hair color and styling," added the source.

"What Gwen, however, didn't know at the time was that they were also sharing her husband." ***NE***

listed no official cause of death, but authorities "are relating her death to a drowning with drugs in her system."

A check of her bungalow found bottles of alcohol, marijuana and "apparent paraphernalia with some type of 'dust,'" according to the document, which also indicated Carmel's wet bathing suit was found on the floor.

'Jen may have to answer questions about what went on'

CARMEL'S heartbroken parents, Ron and Ann Musgrove, who live in San Diego, had her body flown to the U.S. and asked the San Diego Medical Examiner to perform a second autopsy to determine whether Carmel "was dead before entering the water."

Famed forensic pathologist Dr. Michael Baden, who was asked by her family to assist in the second autopsy, told The ENQUIRER he has yet to reach a conclusion on the cause of Carmel's death.

Veteran Hollywood private investigator Dan "Danno" Hanks reviewed the San Diego report at The ENQUIRER's request, and said it's possible Carmel was assaulted before she was put in the water.

"She had a bruise on her breast and her left shoulder. Those could be from punches," he revealed.

Added the source: "Jen will never be able to think about her honeymoon again without remembering how her friend lost her life.

"In the process, she and her celeb pals could have to answer embarrassing questions about what exactly went on there. It's now a real nightmare in paradise."

Justin and Jen seemed to not have a care in the world as they hit up a beach in Bora Bora

A HISTORY OF DRUG ABUSE

JENNIFER Aniston and husband Justin Theroux are no strangers to drug use, as The National ENQUIRER has previously reported.

Jen has admitted to using marijuana, saying she fired up "once in a while. There is nothing wrong with that. Everything in moderation. I wouldn't call myself a pothead ... It's not even cocaine or shooting heroin."

Two of Jen's former lovers also had drug pasts. Ex-husband Brad Pitt, 51, said he spent too much time "smoking way too much dope" in the late 1990s and early 2000s.

British model Paul Sculfor, who dated Jen in 2007, was once a "raging cocaine fiend" and spent six months in intense rehab for his habit in 2004, insiders divulged.

Addictions to heroin and cocaine haunted Justin 15 years ago, according to a source, before he got clean.

"Drugs nearly destroyed his life," the informant said. "But he has long since beaten his demons."

'NCIS' star Pauley in street attack horror

PAULEY Perrette, star of "NCIS," escaped death at the hands of a deranged homeless man in front of her Hollywood Hills home — using skills she learned from the hit show to nab the suspect!

"While Pauley plays forensic scientist Abby Sciuto on the crime drama, she knew enough from the show to draw a sketch of the man that led to his arrest," a source told The National ENQUIRER.

Pauley, 46, was badly shaken after the Nov. 12 incident and tweeted: "I almost died ... tonight was awful, life changing and I'm only grateful to be alive."

She added the man was "telling me he was going to kill me" before she was able to escape.

Police later nabbed the suspect, identified as David Merck, 45, on felony battery charges.

Added the source: "Like in the show, the cops fortunately got their man." ***NE***

JACKO MOM'S TRAGIC DECLINE!

Docs sworn to secrecy over *serious illness*

KATHERINE Jackson — Michael Jackson's 85-year-old mother — is battling "for her life" against a mystery illness!

Friends and family fear the matriarch might be suffering from cancer or her lifelong battle with the effects of polio, a family insider said. Katherine had polio as a child.

Traditional medicine hasn't worked, "and she's in trouble," the spy revealed.

"We are trying to get alternative, natural healing for her. Everyone is horrified things have gotten so much worse."

An unsuccessful billion-dollar lawsuit Katherine pursued against concert promoter AEG Live claiming negligence in the King of Pop's death has also taken a toll on her health, The National ENQUIRER reported in its March 2 edition.

While a rep told The ENQUIRER Katherine is in "amazing health for an 85-year-old woman," insiders said she hasn't been herself since Michael's death. She hardly smiles or laughs anymore, sources added.

"She doesn't let anyone in," an insider said. "She gazes about as if she's looking for Michael, wishing that when the phone rings, it's him."

Katherine's doctors are sworn to secrecy, and family members don't know how to determine what's wrong with her.

Burt's blindness TERROR!

The real reason Reynolds wears those funky red glasses

BURT Reynolds may sport flashy rose-colored glasses, but the future looks anything but rosy for the fading Hollywood legend.

Friends and top medical experts believe the 79-year-old actor may be gearing up for a battle against blin ness, The National ENQUIRER has learned.

"Burt's been hiding this for a while now," revealed a source. "It's the real reason he rushed out his memoir — so he'd still be able to see while promoting it and making the rounds in public."

Burt's rep told The ENQUIRER: "That is the craziest thing I ever heard and I heard a lot ... Burt can see a beautiful woman 5 miles away."

But a top medical source confirmed Burt's bizarre pink shades could be an attempt to shield his eyes from sensitivity to light.

"No, it's not a fashion statement," Dr. Stuart Fischer, who has not treated Burt, told The ENQUIRER. "Those are to prevent certain types of light wavelengths from inflaming the retina. It's part of a medical treatment."

Burt likely suffers from an eye condition that could lead to blindness, Dr. Fischer added. "It can be a complication of autoimmune illnesses, like rheumatoid arthritis. The base illness attacks the joints, the eyes and other organs. That could certainly result in blindness," he said. **NE**

Jesse's now 376 pounds lighter!

Jesse once faced heavy times

Grossly overweight reader shares his tale of courage & determination

'I couldn't stand up long enough to shave!'

AT A scale-busting 655 pounds, Jesse Shand hadn't left his house in years!

Instead of leading a traditional life, the 28-year-old Michigan man spent endless days locked in his room, trolling the Internet and mocking the muscleheads he envied on bodybuilding.com.

"I wanted to force my misery onto someone else," he said.

But rather than take the bait, the big-hearted bodybuilders coached him into losing a staggering 376 pounds — and starting a new life!

"I had long since given up," confessed Jesse. "I couldn't even stand up long enough to shave my face in one attempt.

"I was a recluse by 2013.

"But they rejected my excuses and showed me ways that I could start small."

In just two thin years, the impact has been huge!

"At first, all I did was put on music and flop around," recalled Jesse. "Next, I did laps around my small mobile home."

Then his bodybuilding buddies put him on a healthy low-calorie diet, and had him keep track of his meals.

"This helped by holding me accountable for my actions," Jesse explained.

When he was able to go on a training program, he started hitting milestones as often as he hit the weights.

Jesse soon was able to take his first shower in two years, and then he managed to fit behind the wheel of a car. After that, he took his first swim since he was a kid.

All that helped him sweat out his hostilities as well!

"It really showed me that even on the Internet, the kindness of strangers can completely change your life," he said.

Now Jesse's ready to get back into the job force, buying a suit and setting up interviews!

"The proudest point in my life is when my mother posted a video thanking the people who convinced me to live," he said. "Now she doesn't have to worry if her son is going to wake up the next day." NE

DARKNESS DESCENDS ON THE CITY OF LIGHT

A lone police sniper is positioned to return fire after the city was barraged by explosions and gunfire

COWARDLY killers spilled a river of blood in a series of senseless attacks that left more than a hundred innocent people dead and wounded during an unprecedented night of terror in Paris, France.

As the world reeled in horror, a defiant President Barack Obama promised the vicious killers would be brought to justice — and America would stand with the French to crush the evil enemies of freedom.

"We are going to do whatever it takes ... to bring these terrorists to justice," Obama vowed.

But as counter-strikes were being planned behind the scenes, the world mourned the tragedy triggered by a series of coordinated shooting and bombing attacks in the French nation's capital.

A fiend with a Kalashnikov shot up a packed restaurant, while a suicide bomber set off explosions near a stadium where the French soccer team was playing Germany.

Other gunmen fired on a theater where a California-based rock group, Eagles of Death Metal, was performing, killing scores and holding terrified hostages inside.

"This is an attack on all of humanity and the universal values we share," Obama said.

Brazil Expedition Uncovers Thousands of Carats of Exquisite Natural Emeralds

*Brandish a whopping 50 carats of genuine South American emeralds in a handcrafted new necklace design for **less than $100!***

Halfway into our ambitious trek through the rain forest I had to remind myself that "Nothing good comes easy." These days it seems that every business trip to Brazil includes a sweltering hike through overgrown jungles, around cascading waterfalls and down steep rock cliffs. But our gem broker insisted it was worth the trouble. To tell you the truth, for the dazzling emeralds he delivered, I'd gladly go back to stomping through jaguar country.

Now our good fortune is your great reward. Don't miss this rare opportunity to own an impressive 50 total carat strand of genuine South American emeralds for under $100.

Faced with this embarrassment of riches, our designer transformed this spectacular cache of large stones (each is over 8 carats average weight) into a stunning 50 total carat necklace of faceted emeralds set into .925 sterling silver. Each emerald is surrounded by delicate sterling silver rope work and filigree in the Bali-style. The 18" necklace dangles from a sterling silver chain that fastens with a secure double-sided shepherd's hook clasp.

What is the source of our emerald's timeless appeal? The enchanting color of the Stauer **Carnaval Faceted Emerald Necklace** comes from nature's chemistry. Our polished and faceted, well-formed natural emeralds are immediately recognized as something special. Indeed, when we evaluated these emeralds, color was the most important quality factor. Today, scientists tell us that the human eye is more sensitive to the color green than to any other. Perhaps that is why green is so soothing to the eye, and why the color green complements every other color in your wardrobe.

Emeralds are, by weight, the most valuable gemstone in the world. Now you can wear genuine emeralds and feel great about knowing that you were able to treat yourself to precious gems without paying a precious price. A top-quality 50 carat emerald necklace found on Rodeo Drive or 5th Avenue could cost well over $100,000...but not from Stauer. Wear and admire the exquisite Stauer **Carnaval Faceted Emerald Necklace** for 60 days. If for any reason you are not dancing the Samba with pure satisfaction after receiving your faceted emerald necklace, simply return it to us for a full refund of the purchase price. But we're confident that when you examine this stunning jewelry, you'll be reminded of the raw beauty of the Amazon rain forests mixed with the flash and dazzle of the exotic Carnaval in Rio de Janeiro. Charlie Sheen: AIDS COVER-UP

8-PAGE *ENQUIRER* SPECIAL REPORT

CONTINUED FROM PAGE 7

■ The "Wall Street" star has sought experimental stem cell treatments from a Canadian doctor in a bid to cheat death;

■ He's waged a campaign of intimidation against those who might expose his secret — and even managed to scrub the Internet clean of any accounts by those who did come forward!

THE ENQUIRER'S shocking disclosure will send shock waves through Hollywood and remind fans of the AIDS battles waged by stars such as Rock Hudson and Liberace before their tragic death.

Sources who spoke to The ENQUIRER did so at great risk — mindful of the danger Charlie posed to future sex partners, as well as himself.

"Charlie had sex with multiple partners since learning his HIV status without informing them of his potentially deadly HIV infection," one source told The ENQUIRER.

Another informant said: "Charlie hired escorts, and him being HIV-positive never entered these women's minds.

"The fact is, he was playing Russian roulette with their lives, while the women were playing Russian roulette with the prospect of becoming pregnant by Sheen, and being set for life."

THESE CASES include "Woman A" — whose identity is being withheld — and was exposed to HIV by Charlie and retained high-powered Hollywood attorney Gloria Allred to successfully settle a civil action against the actor, The ENQUIRER has learned.

When contacted, Gloria would neither confirm nor deny the story.

Other women potentially exposed by Charlie include Scottine, who blasted him in the video provided to The ENQUIRER, charging: "You exposed me to HIV for a year and a half!"

An insider added: "Sheen waited over four months to inform Scottine that he was HIV positive. From the very beginning, Sheen never used protection, saying he 'loved' her.

"Scottine actually loved him, wasn't interested in his money at all. She didn't ask for any of this, she's an innocent party, like so many others here — the victim."

What's more, the ex-boyfriend of a third woman — identified by The ENQUIRER only as "Woman B" — told this magazine his former lover is an adult film star who had sex with Charlie from late 2012 to mid-2013.

"She would literally have sex with him, and then come home and have sex with me," the furious source told The ENQUIRER. "I didn't know it.

"Then Charlie told her he had HIV, and she freaked out. I was freaking out, too, because I was afraid I had been

ENQUIRER BLOOD TEST CHALLENGE

Charlie Sheen's denial in the face of the overwhelming evidence obtained by The ENQUIRER leads us to challenge him to undergo a blood test to clear up the matter once and for all!

We vow to work with his representatives to choose an independent investigator — and pay all expenses — for a test that will squash all doubts about Charlie's HIV status and end the panic that has spread throughout Hollywood.

'CHARLIE HAD UNSAFE SEX WITH ME'

"YOU f---ing exposed me to HIV for a year and a half!"

That's the bitter charge of Charlie Sheen's jilted ex-fiancée after the two carried on a torrid sexual affair!

Scottine Ross, an adult film star, made the accusation against the star in a video ex-

clusively obtained by The ENQUIRER, and reported in an article published in our Oct. 12 issue.

At the time, we withheld word of the HIV charge Scottine made against Charlie.

The ENQUIRER has now learned Charlie discovered he had contracted HIV as early as 2012.

Sources also said Charlie had unprotected sex with her well after getting his HIV diagnosis. The terrified beauty added: "I don't ever want to see that guy's face again, unless it's in a f---ing courtroom!"

Charlie appeared in bed with Lindsay Lohan in one of his sitcoms

exposed to it because of what she had been doing!"

Brooke, who was married to Sheen from 2008 to 2011 — acknowledged the shock of learning of his HIV status in a text message.

Her text to Charlie's now-deceased personal assistant read: "I couldn't handle the HIV news. Just 6 months ago I was diagnosed with the eye disease and then Charlie potentially giving me HIV.

"I started doing heavy drugs with Charlie, staying up for days and it made my brain misfire."

THE ENQUIRER first confronted Charlie about his twisted double life in November 2014. At the time, the "Major League" star privately issued a strenuous denial to The ENQUIRER. He was then challenged to take an independent medical exam, but refused.

Charlie hid his condition because he's terrified Hollywood would blacklist him and his fans would disown him, sources said.

Without treatment, average survival time after HIV infection is estimated to be nine to 11 years.

Thankfully, Charlie has been successfully treated with an "AIDS Cocktail" of high-powered drugs, including Truvada and Isentress, to hold the disease at bay.

Sources have informed The ENQUIRER these drugs have driven down the virus in his bloodstream to an "undetectable" level, although this does not mean he is negative.

Still, a medical source said: "His medical outlook is positive."

But behind the scenes, Charlie has masterminded a cover-up that even reached the highest levels of Hollywood.

Indeed, The ENQUIRER has obtained a March 10, 2014, email from Steve Mosko, Chairman of Sony Pictures Television, to three colleagues that referenced Sheen's HIV status.

"I think I will win the 90/10 bet on the over under on this ... it's hard to be a drug addict and HIV positive and do 40 eps (episodes) a year," Steve wrote.

Sheen, himself, has consistently bought the silence of exposed sex partners.

Referring to "Woman B," her ex-boyfriend said: "Charlie bought her a house in Calabasas and put her on his payroll to keep quiet. Now she's married, and she and her husband are living off Charlie."

Added the source: "There are tons of girls that get a regular check from Charlie. It's kind of an apology for exposing them to what he's exposed them to."

ACCORDING TO one source, Sheen has spent at least $5 million to secure such silence.

What's more, another source told The ENQUIRER that Charlie, or people acting on his behalf, has resorted to "intimidation" and "threatening phone calls."

Yet, in recent weeks, Charlie's plight has become an "open secret" in Hollywood.

Crushed by the weight of the shocking news, The ENQUIRER has learned Charlie hurled himself into a deep despair, racked by stress and pain associated with the condition.

He effectively went into seclusion at his Los Angeles mansion — rarely going out in public and seeing only family and friends inside the sanctuary of his home.

He would party night and day "to numb" the pain.

"Charlie's worst fear is that he will be remembered not as a great actor, but as someone who contracted the disease," explained another source.

"He has been tortured by the thought that his acting genius will be forgotten."

"He was teary-eyed as he told me that he had it, but he felt that a public admission would destroy him and his fans."

It is not known how he contracted the virus, but Charlie once admitted to Playboy that sleeping with sex workers was "always a roll of the dice."

Yet Charlie has remained unrepentant, declaring in another interview: "You have the right to kill me, but you don't have the right to judge me!"

MORE ON SHEEN PAGES 30-31

Disease that affects 1.2m AMERICANS!

DESPITE recent medical advances, human immunodeficiency virus (HIV) — which causes AIDS — remains a deadly disease.

Infectious disease expert Dr. Donald H. Marks told The ENQUIRER: "Human immunodeficiency virus, left untreated has an average survival time of nine to 11 years. But there are 'rapid progressors' who do not respond even with the best treatment," adding, AIDS is "the most advanced stage of infection with HIV."

Charlie Sheen: AIDS COVER-UP

8-PAGE *ENQUIRER* SPECIAL REPORT

DID HE PUT LOVERS' LIVES AT RISK?

THIS chart portrays the grim anatomy of a potential Tinseltown epidemic, all begun by "Patient Zero" — otherwise known as Charlie Sheen!

Since 2012 — and perhaps earlier — the self declared "warlock" has known he has been HIV-positive, numerous sources told The ENQUIRER. Yet he continued a sexually promiscuous lifestyle, and according to sources, did not, in some cases, advise his partners of his potentially deadly medical condition before sex.

The people identified here are NOT known to have HIV, but were romantically linked through sources and published reports to the star over the period in question, or in the run-up to it — which means they might have been at risk of contracting HIV.

Of course, the chart is also incomplete in another way.

It does not include the names of the dozens of porn stars, call girls and other

unknown paramours with whom the A-List actor was said to be linked, and whose names are not public.

But most terrifyingly, the graphic cannot begin to include the partners of those unknown sex partners — and their partners' partners and THEIR partners!

A single HIV infection can detonate a potentially explosive spread of the silent killer, creating a crippling epidemic of illness and perhaps even death!

Hookers, strippers & porn stars... THE DIRTIER THE BETTER FOR LOVE MA-SHEEN!

He slept with porn stars hookers, strippers & groupies — by the thousands! Seen here are two of his "goddesses," Natalie, left, and Bree

TINSELTOWN trainwreck Charlie Sheen has bedded thousands of call girls, strippers and porn stars, The ENQUIRER has learned — and having a wife didn't stop him!

In 2010, it was revealed Charlie and third wife Brooke Mueller shared as many as 10 sexual partners — both male and female!

"It's more twisted than anyone knows or has suspected," a source told RadarOnline.com, at the time. "It's crazy."

According to another insider, Charlie keeps a list of high-heeled "angels" at his beck and call that he's ready to pay up to $25,000 for a quickie rendezvous.

He also hosts epic drug and booze benders with call girls in the "theater room" of his multimillion dollar mansion, and often indulged in group sex, said the snitch.

The sicko star also uses multiple high-class madams to hire women of all shapes and sizes, and often did the deed in front of a camera!

According to a former madam who provided Charlie with "hundreds" of call girls, she once filmed him performing five sex scenes with another woman!

The "Spin City" pervert also has a penchant for fetishes.

Charlie's second wife, Denise Richards, claimed she witnessed him surfing the Internet for porn involving young girls and boys — an allegation he vehemently denied.

Denise even had a secret AIDS test because she was convinced her ex-husband had been cheating with hookers.

When once asked by a reporter how many sex partners he's had, an unabashed Charlie boasted: "If you want me to take a wild guess, I'd say 5,000."

Age-progression scientists depict Hollywood celebs

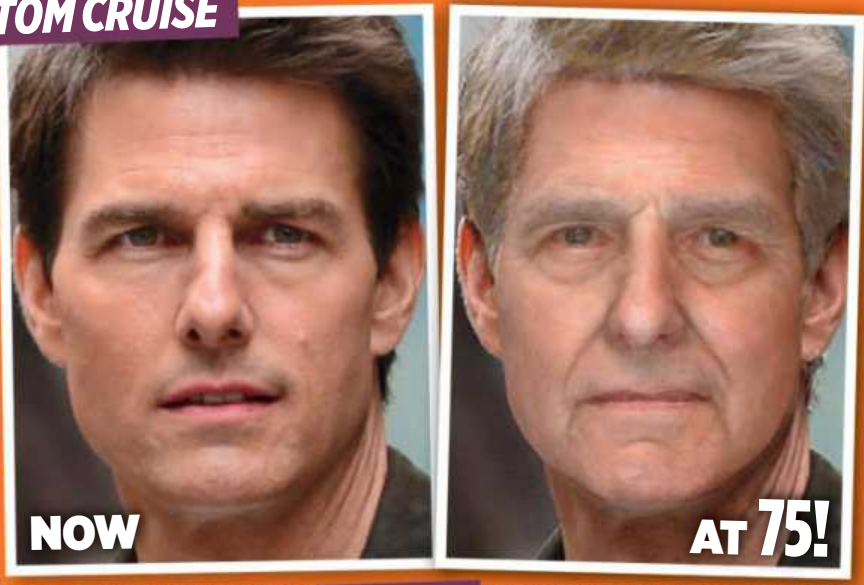

WHEN law enforcement needs to track down the world's most infamous criminals, officials turn to a little-known group of researchers at the University of North Carolina at Wilmington.

The crackerjack crew uses cutting-edge technology to create near-perfect representations of what fugitives will look like — even after 30 to 40 years!

The National ENQUIRER has teamed up with these same scientists to exclusively bring you images of how some of your favorite celebrities will look in the future.

The technology relies on a secret algorithm to distill the natural aging process into a series of numerical values that can then be applied to any face! To accomplish this, the researchers draw on a database of 1.5 million faces — including those of regular folks like you! *NE*

CRAZIEST CRASH & BURN IN HOLLYWOOD HISTORY

CHARLIE Sheen was once the highest paid actor on TV, earning a whopping $1.8 million per episode for the hit CBS show "Two and a Half Men."

But the raging star partied and ranted himself out of his mega-paydays with a series of bizarre antics that got him fired from the wildly successful sitcom!

The latest string of Charlie-behaving-badly episodes began on Christmas Day 2009 when he was busted for domestic assault after attacking then-wife, Brooke Mueller, in Aspen, Colo.

The wild man entered rehab in February 2010 as a "preventative measure."

But eight months later, police removed Charlie from his suite at the posh Plaza Hotel in New York City after he reportedly caused $7,000 in damage in a booze-and-drug-fueled rampage.

Then, in early January 2011, he showed up late for work after a reported booze and drug bender with paid escorts in Las Vegas.

The actor continued to crash and burn after being fired from the show in March 2011, erupting publicly with more nonsensical rants, including his claims that he was a "warlock with tiger blood" and "Adonis DNA," and that he was "winning."

It was a staggering fall from grace for the leading man, who'd starred in a string of box office hits, including "Platoon," "Wall Street" and "Major League," by the late '80s.

FRAIL NANCY'S VIGIL AS SON MICHAEL CLINGS TO LIFE

The former first lady is urging the family to visit Michael, inset

FEEBLE Nancy Reagan has rushed to the hospital bedside of her late husband's adopted son.

Michael Reagan, 70, is battling for his life after suffering a heart attack and stroke — and despite being at death's door, the 94-year-old former first lady insisted on seeing him, a close source revealed to The National ENQUIRER.

"Nancy has always felt a special bond with Michael, who is the protector of his father's legacy," the source said.

Michael was adopted as an infant by the former president and his then-wife, actress Jane Wyman, and headed The Reagan Legacy Foundation.

A popular figure on talk radio and conservative news programs, Michael collapsed while running in the Long Beach Marathon on Oct. 11. Fellow runners found him on the ground and called for medical help, said the source.

Ronnie and Nancy in 1985

"Michael had suffered a stroke, and while he was being treated, he had a heart attack," revealed the informant.

"It had been kept hush-hush. Michael's reps indicated that he was 'on vacation,' but he's been in a life-and-death battle."

In a 2004 book, "Twice Adopted," Michael, who has two children with second wife Colleen, expressed disappointment in the family, sparking a feud.

But with Michael in a California hospital, Nancy has been urging her kids — Patti Davis, 63, and Ron Jr., 57 — to put aside their differences and visit him.

"Nancy is the peacemaker," said the source. "She'd like to see them mend fences in the wake of Michael's medical emergency."

As The ENQUIRER reported in February, Nancy's physical strength is failing and she's mostly confined to a wheelchair.

"Thanks to Nancy, the family is setting aside hard feelings," the insider added.

"They all used to fight like cats and dogs, but Michael's condition has brought everyone together."

'THE GUY Y ISN'T I

JOHN Wayne — tough as rawhide and larger than life on screen — was a secret softy!

Never-before-seen letters, exclusively obtained by The National ENQUIRER, reveal the true soul of the Hollywood legend!

The ENQUIRER has taken a sneak peek at "Duke in His Own Words," a blockbuster treasure trove of Hollywood history.

"The guy you see on screen really isn't me," said John.

"I'm Duke Morrison, and I never was and never will be a film personality like John Wayne."

John's soft side is evident through his personal letters, especially one to Lucille Ball in 1955 in which he credited his performance on "I Love Lucy" to her hard work.

"It is always such a great pleasure working with you, Lucy — you're so dedicated and so talented," he said.

In 1961, he penned a congratulatory letter to Elizabeth Taylor after

"Dear Liz ... I am more happy that you received your award than if 'The Alamo' had received all that it was nominated for ... Affectionately, Duke." John's wry humor is also on display in the book, notably in a 1972 letter he wrote regarding public calls for him to become the next commander-in-chief to then-President Richard Nixon.

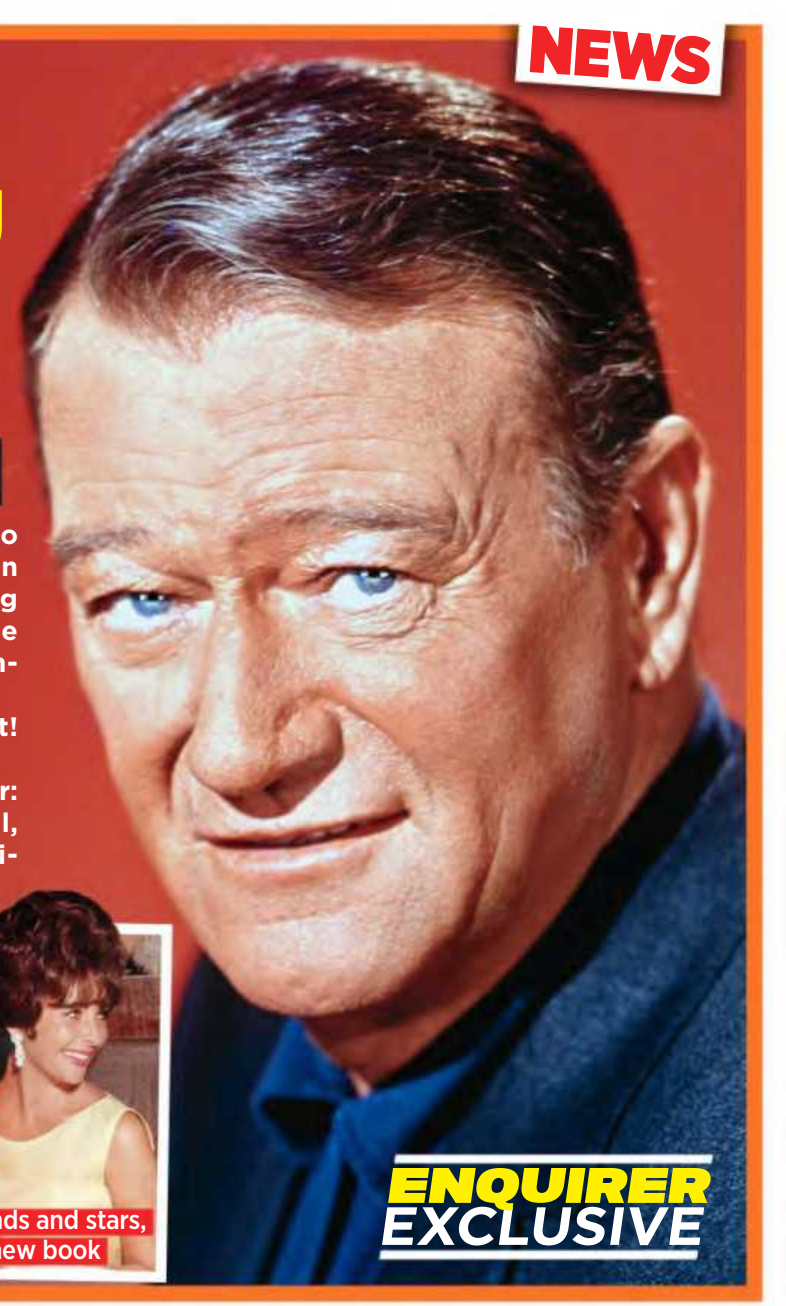

"Dear Mr. President, Look out! Watch your Ps and Qs!"

Nixon responded two days later: "Dear Duke: Don't do it. After all, Duke is a better title than President! Sincerely, RN."

ROM GLEN'S MEMORY LOSS TORTURE!

GLEN Campbell's rapidly declining health has forced his loved ones to put him back in the hospital after the 79-year-old Alzheimer's-stricken star was discovered eating soap!

The "Rhinestone Cowboy" is now in a memory-care facility after an earlier move back to the family home turned disastrous, The National ENQUIRER has learned.

In an exclusive interview, Glen's former daughter-in-law said the six-time Grammy winner was relocated to ensure his wellbeing.

"It's not safe for him to be at home," Alexandria Campbell told The ENQUIRER. "But it doesn't come without a heavy heart.

"The whole family would love for him to be at home, but it's impossible. He wanders. And sadly, when he was staying with me, he took soap and tried to drink it."

"It was just more than I could handle," confessed fourth wife Kim, 57.

Glen was diagnosed with Alzheimer's in 2011, and was moved into a Nashville area facility in April 2014.

Sadly, as The ENQUIRER reported in June, Glen had lost the ability to speak, except to mumble, "I love you."

Despite that, he was moved to be home with his wife and children, Shannon, Ashley and Nicklaus, this summer.

Unfortunately, after seven weeks, Glen — who famously battled addictions to cocaine and booze over the years — had to be transported to a new facility.

Since Glen's move, she said he's "smiling and happy," and the family had planned to celebrate Thanksgiving with him.

"He seems content and loving," Alexandria added. "He always gives us a big hug." *NE*

ALL NEW!

Your HEALTH

BY DR. STUART FISCHER

NEWS YOU CAN ALWAYS USE!

PUMP UP YOUR MEDICINE CHEST!

IF YOU are like most folks, your medicine cabinet is strewn with over-the-counter pain relievers and expired scripts. Why not try replacement options that are all-natural, inexpensive and effective? Magnesium is an easy-to-find mineral that can replace pain relievers like Tylenol, constipation meds and even sleep aids. Peppermint oil can replace digestive aids and headache relievers.

TASTY NEWS FOR CHOCOLATE LOVERS

EATING chocolate can limit your risk of heart disease and diabetes! Numerous studies suggest dark chocolate with at least 60 percent cocoa is rich in heart-healthy nutrients. In one test, researchers found when people ate dark chocolate every day for 10 years, 70 fewer non-fatal cardiovascular episodes and 15 fewer fatal heart issues occurred per 10,000 people! Another study showed women over 70 who ate chocolate once a week were 60 percent less likely to die from heart failure. How sweet is that?

Sweet drinks sour news for the heart!

PEOPLE who suck down sodas or sweetened fruit drinks are at greater risk for heart failure, according to a new study that found Swedish men who drank two or more servings of sweetened beverages a day had a 23 percent higher risk of suffering heart failure. Because American men tend to weigh more and be less fit than Swedes, the effect could be amplified here. The takeaway? Choose water.

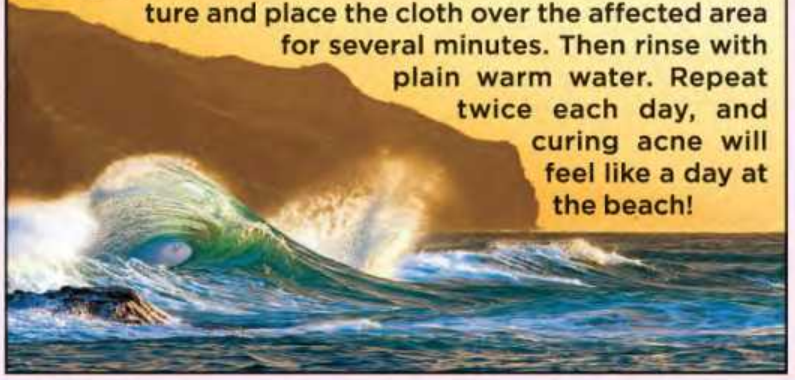

Focus, people!

NEARSIGHTEDNESS affects nearly 40 percent of Americans. New research found that spending more time indoors increases nearsightedness. To lower your risk, spend more time outdoors. Here are some other strategies: Get an annual eye exam. Look away from your computer screen every 20 minutes for about 20 seconds to reduce eyestrain. Make sure to use UV-protected sunglasses. Eat a diet rich in dark, leafy greens and foods containing beta-carotene.

SEA WATER WASHES AWAY ADULT ACNE!

ACNE sufferers can stop spending small fortunes on over-the-counter pimple products. A more natural — and cheaper — treatment is salt water! It works by cleansing the cells and killing bacteria while also promoting healthy PH levels in the skin. If you live near the ocean, you're in luck! But for everyone else, whipping up the magic elixir is a snap. Simply mix three tablespoons of salt in one cup of warm water. Stir well (about a minute), then dip a soft cloth in the mixture and place the cloth over the affected area for several minutes. Then rinse with plain warm water. Repeat twice each day, and curing acne will feel like a day at the beach!

ENQUIRER HOW TO...

SAVE $$$ ON HOLIDAY SHOPPING!

IT'S the season to be jolly — not stressed out and broke! If you're tired of starting January by climbing a mountain of debt, plan ahead and shop smart so you can move easily into the new year, and not the poorhouse. Take these tips from the pros!

SET AN IRONCLAD BUDGET!

Know what you can spend before you start buying. "Most people get that wrong," said Ric Edelman, author of "Financial Security in Troubled Times." He advises including everything from postage for cards and gifts to wrapping paper to tinsel for the tree. Don't forget the tips for the postman and babysitter!

MAKE YOUR GIFT LIST!

Let your budget dictate what you buy and for how many people. Trim names and/or spending amounts until you can meet the bottom line. "If you can't afford a sweater, get something else," said Ric.

LEAVE THE PLASTIC AT HOME!

"Do a cash-only Christmas," said Clark Howard, co-author of "Get Clark Smart: The Ultimate Guide for the Savvy Consumer." Set a limit. Withdraw the money, "and when that's gone, it's over."

GET CREATIVE!

Some gifts have value that can't be wrapped. Offer to babysit for your overworked neighbor! Make a batch of cookies for office pals. Take an elderly relative out. The cost is minimal, the gift is priceless.

START EARLY!

The earlier you begin your shopping, the lower the prices will be and you'll be likely to spend less, reported a survey by the American Research Group, which estimated that procrastination costs a wallet-busting $250 more!

DO A SECRET SANTA!

Having each loved one pick another for gifts saves loads for large families and groups of friends. That way, everyone gets a gift, but each person only has to buy one.

RE-GIFT!

Jerry Seinfeld made this a dirty word, but if you have nice stuff you've received and never used and someone else can benefit from them, re-gift them! Do you have brand-new items sitting around the house? What's not right for you can be a perfect gift for somebody else! NE

Kris & Corey's NAKED FLESH FESTS!

KRIS Jenner and boy toy Corey Gamble like nothing better than letting it all hang out — they're secret nudists!

That's according to a family insider, who revealed the clothes-shunning couple is planning an X-rated vacation next January to one of Europe's hottest naked resorts.

"Kris and Corey are really into it," the insider told All The Buzz. "They'll sneak away to a nudist beach when they can. Kris introduced Corey to it and he's really embracing the whole scene. They're now planning to visit one of the posh resorts in Europe."

Kris, 60, has been into being bare for years, and she and ex-husband Bruce Jenner used to get caught walking around the house naked all the time, the source blabbed, but Bruce never had the courage to do it outside the privacy of their home.

"Hanging out at home with no clothes on started as a bit of poolside fun for Kris," added the spy. "She was always trying to push the boundaries with their sex life, and with Corey she's found a true soulmate.

"He's got a huge sex drive like she does and he loves the liberation of letting it all hang out. They have a highly sexually charged relationship and she likes that she's got sex on tap at home whenever she likes."

The biggest advantage about the nudist scene is discretion, according to the source, so Kris has no fears she and Corey, 35, will be caught when they go to a resort.

"They can't wait for their naughty escape next January," said the insider. "It will probably be the first time Kris doesn't get charged excess baggage for all her clothes!"

Plus, there were Tom Cruise rumors about a hookup with Cher, while supermodel Cindy Crawford was certainly setting tongues wagging when we brought you exclusive news of her tryst with Sly Stallone!

Big-hearted Travolta ADOPTS James Gandolfini's son!

JOHN Travolta's kept his vow to care for James Gandolfini's son — he's taken the late "Sopranos" star's only boy, Michael, under his protective fatherly wing.

Michael, who'd been vacationing in Rome with his father, found him unconscious on a hotel bathroom floor in 2013.

"John stepped in as a father figure — just like James would have wanted," said a pal.

James was a great source of comfort when John's teenage son, Jett, 16, died in 2009 following a seizure. Now John, 61, has stepped up to the plate for James' boy.

"My goal is to make sure that his family is okay," said John.

Added a source: "John will never forget James' compassion after Jett died. Michael has an open invitation to stay with him anytime."

MILEY'S PLOT TO DESTROY JLAW!

LONELY, crazy chick Miley Cyrus is so desperate to reunite with her ex-fiancé, Liam Hemsworth, she's not letting anyone get in her way — even A-list star Jennifer Lawrence!

The 23-year-old singer was planning a rematch with the Aussie hunk when Jennifer got her lecherous hands on him during the promotional tour for the final "Hunger Games" movie, an insider told All The Buzz.

"There's no love lost between them. Even when Miley and Liam were engaged, she was convinced Jen was trying to steal Liam away! Everyone knows he and Jen hooked up!" said a pal.

CHANGING FACE OF FAME HARRISON FORD

THE hype machine for the new "Star Wars" movie, "The Force Awakens," is in full swing ahead of the movie's Dec. 18 release date.

But how has Han Solo himself, Harrison Ford, fared since the original movie's release 38 years ago? Check out Harrison's changing faces — he's still quite the hunk, so the force is definitely with him when it comes to good genes!

CRYPTOGRAM QUOTES

FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

Lucky Numbers: 8, 12, 20

GEMINI MAY 22-JUNE 21

A fortunate week ahead helps alleviate stress you have been under recently. You'll definitely feel a lot freer and more creative. You are also getting rid of a situation that prevents you from doing things you love. Try to start a couple of new projects!
Lucky Numbers: 5, 14, 23

CANCER JUNE 22-JULY 22

You cannot ignore responsibilities. If you made commitments, fulfill them — even if it takes you away from things you'd rather be doing. Sticking to a routine helps you accomplish a lot.
Lucky Numbers: 1, 3, 6

LEO JULY 23-AUG. 23

Constant interruptions this week can throw you off course. It will be difficult to stay on track. Some of these nuisances may actually work to your benefit as they bring about new opportunities you'd never considered before.
Lucky Numbers: 5, 10, 32

VIRGO AUG. 24-SEPT. 22

Lucky Numbers: 2, 9, 11

SCORPIO OCT. 23-NOV. 21

You can move forward in a relationship now but with caution. Let others earn your trust. It is also important to share your expectations with your friends and family so they're not left in the dark.
Lucky Numbers: 5, 24, 38

Lucky Numbers: 5, 10, 11

PISCES FEB. 19-MARCH 20

Information you are receiving is not entirely accurate. Be certain the communication you share is 100 percent correct. Otherwise, it will backfire on you and you will be blamed for spreading falsehoods.

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

CELEBRITY WORD MATCH

Find a word that can follow the word on the left and precede the word on the right. When you've filled in all the answers, the name of a celebrity can be read from top to bottom in one of the lines.

A PIECE OF CAKE!

Life-size desserts featuring your fave stars ... AND A CUTE LITTLE PRINCE

MEET "The Boy Who Would Be Cake."

This eerily on-target 3-foot tall replica of England's adorable Prince George was the winner of Britain's Cake International contest in Birmingham and ruled over a wide array of sweets made to look like tasty versions of celebrities!

His Royal Deliciousness was created by Lara Mason, 29, of Walsall, West Midlands.

She used metal rods and wood to create the frame of his body, and then layered on cake, icing, butter cream and chocolate.

Critics panned Lara's win when they called the cake "creepy" — but there are far creepier pastries out there. From a literal "King" cake to a Cakejolina Jolie, bakers around the world have commemorated their favorite celebs in icing and batter.

Here are some choice slices in this week's Odd List! NE

This winning cake of Prince George was made using metal rods and wood with tasty treats layered on top

Elvis Presley: The life-sized King of Cakes was made by Roland and Marsha Winbeckler of Redding, Calif.

Angelina Jolie: Emma Jayne Morris of Wales made a magnificent "Maleficent" Angelina cake

Peter Dinklage: The "Game of Thrones" character comes complete with armor and scowl

Oprah Winfrey: This gabfest hostess look-alike is head and shoulders above the rest
